

# Nevada Public Health Association

Dear Prospective Exhibitor/Supporter:

On September 21-22, 2009, the Nevada Public Health Association will convene its annual conference at the University of Nevada, Reno.

The theme of this year's conference is *The State of Public Health in Nevada: Taking Stock on the Eve of Healthy People 2010*. This year's conference will feature presentations from a number of nationally recognized experts in public health, as well as current research undertaken by public health professionals and students in Nevada.

We are currently in the process of contacting organizations and exhibitors for support. Your support will raise your visibility and allow us to keep conference registration costs low, encouraging the participation of students and others with limited funds for conferences and travel.

The conference is open to all public health and health care professionals in Nevada and the region, and we expect 100 to 150 attendees.

The attached form describes different levels of support and the associated benefits at each sponsorship level. I hope you will take a moment to review that form and consider support for this important and timely conference.

If you have any questions about the Nevada Public Health Association or the 2009 NPHA Annual Conference, please do not hesitate to contact me at (702) 895-5970 or [nancy.menzel@unlv.edu](mailto:nancy.menzel@unlv.edu). For information concerning exhibit space, please contact Melissa O'Brien at (775) 784-1983 or [mdobrien@medicine.nevada.edu](mailto:mdobrien@medicine.nevada.edu).

Sincerely,

Nancy N. Menzel, PhD, RN  
President, Nevada Public Health Association

## **SPONSORSHIP OPPORTUNITIES**

Please check the box next to your desired sponsorship level.

Your sponsorship of the NPHA Conference supports the only annual conference specifically designed for public health professionals throughout Nevada to engage in public health education, collaboration, and networking, while providing your agency exposure to this diverse group of health professionals. We very much appreciate your support of this conference, and look forward to working together to improve public health in Nevada.
