

2022 Nevada Public Health Association Annual Conference

CREATING THE HEALTHIEST NEVADA: LEADING THE PATH TOWARD EQUITY

September 13-14, 2022

Dear Prospective Exhibitor/Supporter:

On September 13-14, 2022, the Nevada Public Health Association will hold their annual conference in-person in Las Vegas, Nevada.

The theme of this year's conference is Creating the Healthiest Nevada: Leading the Path Toward Equity. This year's conference will feature presentations from a number of nationally recognized experts in public health, as well as current research undertaken by public health professionals and students in Nevada.

We are currently in the process of contacting organizations and exhibitors for support. Your support will raise your visibility with public health professionals throughout the state, and allow us to keep conference registration costs low, encouraging the participation of students and others with limited funds for conferences and travel.

The conference is open to all public health and health care professionals in Nevada and the region, and we expect 100 to 150 attendees.

The attached form describes different levels of support and the associated benefits at each sponsorship level. I hope you will take a moment to review that form and consider support for this important and timely conference.

If you have any questions about the Nevada Public Health Association or the 2022 NPHA Annual Conference, please do not hesitate to contact me at sheila.janofsky@unlv.edu. For information concerning exhibit space or payments, please contact Melissa O'Brien at or mdobrien@med.unr.edu.

Sincerely,
Sheila Janofsky, PhD
President-Elect
